Markdown Resumé

Markdown -> PDF, HTML, and more

http://github.com/mwhite/resume

INTERESTS

Creating beautiful resumés from simple Markdown documents

WORK EXPERIENCE

Word Processor (Redmond, WA)

Junior Resumé Maker, 2006 - 2007

- Intermingled presentation and content
- ► Styling was a pain, so either didn't do it or found a half-decent template and didn't mess with it

LATEX + pdflatex

Senior Resumé Maker, 2008 - 2010

- ► Edited verbose LATEX documents in a text editor
- Mixed content and presentation to achieve pixel-perfection
- ► Installed and configured the unusual TeX setups required by the best-looking LATEX resumés

LinkedIn, StackOverflow Careers, vizualize.me, etc

Web Resumé Intern, August 2010

- ► Entered data, adapting to different data models and formatting limitations
- ► Attempted to customize PDF exports and remove default resumé elements, to no avail

Markdown with Pandoc

Resumé Architect, February 2011 - present

- Write in one format (Markdown), convert to many formats (PDF, HTML, ODT, DOCX, and more)
- ► Style HTML output with CSS and PDF output with a custom LATEX header
- ► Use a simple pre-processor to define per-format operations on the Markdown input or its parts, such as moving contact information to the top right of the page in both HTML and PDF output.
- ► Use a text-based resumé when needed in a pinch
- Use version control, including free hosting on Github

EDUCATION

Github University (World Wide Web)

B.S. in Submodules, May 2012

SKILLS

Very experienced with Python, Markdown, LATEX

Familiar with GNU Make, bash
